Eligibility Requirements

By applying for admission to UMaine, students are automatically considered for merit scholarships that are awarded by the Office of Admission. To be assured full consideration for most **institutional merit-based awards, students must:**

- be a first-time, first-year undergraduate* and a U.S. citizen or U.S. permanent resident;
- have submitted a complete Admission Application and be accepted for admission;
- **apply as an Early Action candidate (complete application and all required application documents postmarked or submitted by December 15, 2009).** Regular admission candidates will only be considered on a funds available basis. Candidates are encouraged to apply for admission as early as possible if they wish to be considered for merit aid;
- plan to enroll as a full-time student in a minimum 12 credits per semester in an approved undergraduate program at the University of Maine (awards are valid only on the Orono campus of the University of Maine).

**with the exception of those being considered for Transfer Scholarships*

Academic Scholarship Program 2009-2010

Office of Admission

Program Description

The University of Maine Academic Scholarship Program is designed to acknowledge, attract, and retain academically talented and diverse students. Scholarships for Maine residents seek to reduce in-state costs of attendance. Scholarships for students who are not residents of Maine seek to reduce the difference between the in-state and out-of-state costs of attendance.

Criteria for Selection

Academic achievement as reflected by information contained in the completed Application for Admission *at the time of application review*. This information may include, but is not limited to, class standing, rigor of the curriculum, grade point average, and standardized test scores;

Diversity as reflected by ethnicity, race, gender, physical challenge, field of academic study, purpose for pursuing higher education, or perseverance in overcoming educational and social obstacles;

Significant **personal accomplishments** beyond the traditional measures of academic achievement. This may include work experience, field study, or personal accomplishments in spite of adversity;

Outstanding **artistic talent** and special accomplishment in the fine and performing arts areas of music, theatre, or art. Students wishing to be considered for talent-based awards should contact the School of Performing Arts at 207-581-4700 or the Department of Art at 207-581-3245 for information about Visual and Performing Arts Awards. Auditions/interviews, portfolios and/or applications are required for consideration for these awards, and application deadlines exist.

Priority for the academic scholarships awarded by the Office of Admission is given to Early Action candidates (complete application and all required application documents postmarked or submitted by December 15, 2009). Regular candidates will be considered on a funds available basis only.

Scholarship Categories

TOP SCHOLAR AWARD

Eligibility: Maine high school seniors attending state approved Maine high schools. Selection is highly competitive and based on outstanding academic achievement.

Award Amount: \$8,000 per academic year—renewable for up to seven semesters.
